## LULAJAR & MIÒJAR FROM ALESSI FOR GOOD TREATS

Treat jars never looked as good as the LulaJar (dog) and MioJar (cat) canisters. These whimsical and airtight containers can be used for storing pet treats, cereal, pasta and anything that needs to be protected from air.

## SCOTTIE HOTTIE

Soothe aching joints or just add some warmth with this cute little Scottie inspired hot water bottle. It's got a knitted cover to prevent burns and keep the heat for longer.

## A BIRDHOUSE FEEDER

This Italian designed birdfeeder is designed to hold seed and distribute through the feeding holes. It's great for attracting small native birds, easy to assemble and will last a long time.

The products featured in this section were chosen prior to general advertising being solicited from any potential product suppliers. Hence the products reviewed were chosen without regard to advertising.

## IT'S NATURE'S INSTINCT FOR BIRDS TO SHRED

Birds love toys and love to shred so give them something fun and safe. Nature's Instinct is a range of toys that encourage healthy preening and chewing. Busy beaks are happy beaks. Pictured here is the Firecracker Cluster.

## SIMPLE GREEN FOR SIMPLE CLEAN

This all-purpose and non-toxic spray is great for little accidents and general cleaning and is bio-degradable so it's safe to use around pets and children.

## BONE & SOUL CONDITIONS THE COAT AND SENSES

This new pet shampoo and conditioning range has been formulated for sensitive skins. With gentle lavender, chamomile and rose geranium, your pets will be smelling fresh and natural.

## FRENCHIE - EVEN IF YOU DON'T HAVE ONE, YOU CAN HANG ONE ON YOUR WALL

The French bulldog is a relative of the American and British bulldog. If you can't own one of these sweet and intelligent little dogs, you can at least have a likeness in your home. These canvas prints complement any décor and won't break the bank.
