CAN'T BE STUFFED?

Lots of dogs love plushy toys but their owners hate the amount of stuffing that's strewn across the house. The solution? A toy that comes without stuffing! Skinneez are a range of toys that will still bring out your dog's hunting instinct without clogging your vacuum cleaner.

PAMPER YOUR PET

The SPA range of pet products will ensure your pet is gently pampered. The Renew Shampoo is a cocoa derived cleanser with just the right amounts of botanical emollients, ginger root and pink grapefruit to leave the hair shiny, unbelievably manageable and brilliantly clean. Use for nourishing and restoring damaged hair. The Cologne is an excellent detangling and conditioning spritz with UV protection.

HARNESS THE HEALING POWER OF MANUKA HONEY

This New Zealand native has been used by Maori and European settlers for its medicinal properties for centuries. This veterinary grade wound gel can be used to stimulate the healing process in wounds. It aids in protecting the wound from contamination and colonisation by bacteria. It also rapidly deodorises wounds to help protect them from fly strike.

BECOME A FAN OF THE DYSON FAN

This is the safest fan for pets—especially birds that like to take flight. With no fast spinning blades or awkward grilles, they are safe and easy to clean. And with the efficient brushless motor located in their base, and keeping the centre of gravity low, they are sturdy. We like that it takes up limited floor space and are whisper quiet.

ELIMINATE NASTY ODOURS WITH PURE BAMBOO

Pure Bamboo is a range of products that utilise bamboo that's been treated through a heating process. Its absorption properties purify air, removes moisture and odours. The range has pet soap, pet shampoo and pet area and car deodoriser.

SLEEPYPOD YUMMY BOWLS ARE PERFECT FOR TRAVEL

Yummy Travel Bowls features a spill resistant water bowl that serves as the base, a food bowl that slips into the water bowl making the water bowl leak-free, and a lid that seals Yummy Travel Bowls making it spill-proof. The lid becomes an extra bowl when flipped over, thereby allowing for dry food, wet food, and water to be served in separate bowls. When the Yummy Travel Bowls lid is used as a food bowl, the saucer portion can be filled with water to keep ants out of food.
