

FEEDBACK

Dear Urban Animal,

Just wanted to say a big THANK YOU for the PetMat. My dog Bentley is loving it - especially on these super cold days. He's 11 and has arthritis, so it's important to keep his little joints and haunches as warm as possible. I'm actually kind of jealous - I wish my bed was that cozy! Looking forward to my first issue of the mag. Thanks so much and keep up the good work. Kind regards – SHELLEY (AND BENTLEY!)

Dear Urban Animal,

Thank you for the great story on 'The Real Slum Dog Millionaire' in the winter issue. Rochelle and Kala's story was inspiring. Sure, it was only one dog they saved but I bet their karma will be one-thousand fold. – BASIL M.

Love all your issues! Great magazine and you do so much work for all the pet organisations – LOUISE C.

We enjoy the informative articles. And the stuff you can buy for pets spins my head! Just amazing. Its a great fun read :) – BELINDA P.

Dear Lisa & Urban team,

Thank you very much for the PetMat which arrived at my front door this week. In this present weather it will certainly be put to good use. Many thanks also for my great copies of 'Urban Animal' which I distribute to my friends. Yours, – JANICE B.
