

# SURF CITY SURF DOG COMPETITION

In what's considered the "US Open of Dog Surfing" and the premier dog surfing event, the **Surf City Surf Dog Competition** was again held 30 September at Huntington Beach in California.

A Guinness World Record attempt to get 20 dogs to ride the same wave for five seconds was made.

The extremely large swell made it impossible for the record to be made despite some very well balanced dog surfers attempting this.

This year's annual event saw over 2,500 people attending and 48 dogs competing and raising money for various charities.
